Manufactured by United Cabinet Corporation
Nashville, Tennessee

our company

Welcome to Kabinart.

Our company was founded in 1963, based on the core beliefs of building strong personal relationships and creating exceptional quality and value in every product we make.

We've consciously chosen to forgo national home center business and high profile marketing, in favor of investing in the best possible product value, delivered in under four weeks and backed by local, independently owned businesses you can count on to guide you through a successful new kitchen project.

Today, supported by more than 200 highly skilled men and women, we've grown to a 170,000 square foot facility in Nashville, Tennessee. I'm proud to be joined by my daughter, Carter, two generations committed to the company's original core values.

We invite you to discover the exceptional value of Kabinart . . . all wood construction, quality details, a wide range of specialty finishes, a variety of interior convenience features and the personal attention of your local kitchen specialist.

Thank you for your interest in our company.

A handwritten signature in dark ink, reading "Shade".

Shade Murray, Jr.

Kabinart™

cherry

A long time favorite for its rich color, cherry evokes the luxurious look of fine furniture. Renowned for strength and timeless elegance, cherry deepens in tones over the years, like a family heirloom remaining beautiful and impressive.

providence | newcastle

Select cherry face frames and full overlay, solid cherry doors, with a square raised panel design. Newcastle wall cabinets feature a soft arch door style.

Honeywood finish with Coffee glaze (above). Sable finish with a Coffee glaze (left).

Aged Ebony Lancaster maple cooking center and open display shelving (left).

Full 3" door rails and stiles create a substantial presence typically only found in custom cabinetry (A).

Contrasting cooking center with decorative wood hood and chimney creates a focal point with Aged Ebony rubbed through finish (B).

36" high wall cabinet with Mullion doors is installed on the ground, creating an elegant china cabinet and a useful raised countertop area (C).

bradford

Select cherry face frames and full overlay, solid cherry doors, with a square raised panel design.

Honeywood finish with Coffee glaze (left and above).

Cooking center focal point features Fairfield Maple in Honey Coffee.

Roll-up tambour door conceals small appliances, while keeping them within easy reach (A).

Detailed molding add a formal decorative touch (B).

Fluted extensions add character and soften sharp corners (C).

williamsburg | cherry hill

Select cherry face frames and full overlay, solid cherry doors, with a square raised panel design. Cherry Hill wall cabinets feature a soft arch door style.

Cinnamon finish (below). Honeywood finish (right).

Base end cabinet with storage accessibility from three sides makes a nice transition to the living area (A).

A raised countertop, even in a small space, creates an ideal spot for quick meals or conversations while cooking (B).

Fluted extensions add character and soften sharp corners (C).

classic series | cherry

manor house

Solid cherry face frames and select cherry veneer doors, with a square raised panel design.

Honeywood finish with coffee glaze (left and above).

Built-in cabinet places the microwave at ideal height (A).

Matching corbels support the raised countertop eating area (B).

A raised panel arched valance adds a distinctive craftsman's touch (C).

Kabinart™

arts & crafts

Select cherry face frames and full overlay cherry doors, with a recessed center panel.

Honeywood finish (left and above).

Cut for glass door frames are designed to accept the decorative glass treatment of your choice (A).

Easy reach with solid wood, fully adjustable sliding shelves (B).

Installed at a unique ten degree angle, a standard base cabinet creates an unusual focal point and extra counter space (C).

beacon hill

Solid cherry face frames and select cherry veneer doors, with a square recessed panel design.

Toffee finish (right and below).

Taking advantage of space created by bumping out the sink cabinet, open shelving, with matching finish interior is an elegant option for a sink area with no window (A).

Mullion doors add a formal touch (B).

Carved corner posts, combined with a beaded side panel create a distinctive look for this island (C).

maple

The fine texture and uniform grain of maple create an eye-catching appearance, whether the style is traditional or contemporary. Time will only enhance its natural beauty and luster.

lancaster | covington

Select northern hard maple face frames and full overlay solid maple doors, with a square raised panel design. Covington wall cabinets feature a soft arch door style.

Ivory finish with Coffee glaze (left). Cider finish with Coffee glaze (island left).

Aged Ebony Lancaster cooking center featured in a Newcastle cherry kitchen (above).

Fluted fillers with beaded rosettes and backboard create a distinctive decorative wall cabinet (A).

Full 3" door rails and stiles create a substantial presence typically only found in custom cabinetry (B).

Contrasting cooking center creates a focal point with Aged Ebony rubbed through finish (C).

fairfield

MULTI-STEP FINISHES

We specialize in a broad range of classic finishes, painted finishes and glazes. Our multi-step, finish process uses penetrating stains, hand-sanded sealer, and protective catalyzed top coat to produce a premium finished surface, hard and long-lasting.

PAINTED FINISHES

- 1 Hardwoods used in the manufacture of Kabinart's doors, drawer fronts, and face frames are selected from the finest oak, maple, and cherry available.
 - 2 Parts are sanded with a four-step process to provide a consistently smooth surface absent of any cross grain sanding.
 - 3 Each part is thoroughly cleaned of all dust particles and inspected prior to the start of the finish application.
 - 4 The first coat of custom-formulated vinyl primer is applied under high pressure to seal the open grain of the wood.
 - 5 Parts are air-dried in preparation for the second primer coat.
 - 6 A second custom formulated vinyl primer coat is applied to deepen color and ensure complete coverage.
 - 7 Following the second primer coat, parts are oven-dried to begin the hardened, baked-on process of the specialty painted finish.
 - 8 Surfaces are hand-sanded with extra fine sandpaper, wiped clean of dust particles, and inspected for quality.
 - 9 A third coat of specially formulated pigmented enamel is pressure-applied to complete the color application phase of the premium finish process.
 - 10 A coat of durable catalyzed sealer is applied to all surfaces under high pressure.
 - 11 Parts are oven-cured to activate catalyst, providing a durable baked-on finish.
 - 12 Surfaces are again hand-sanded, cleaned, and inspected prior to the final finish coat.
 - 13 The final catalyzed topcoat is applied to all surfaces and receives its final trip through the ovens to complete the strong, hardened, premium, catalyzed finish.
 - 14 Parts receive their final inspection and are hand-polished prior to completion of cabinet assembly.
- Kabinart offers glazing on all painted finishes except Aged Ebony. Please refer to the Specialty Glazed Finish section, step thirteen through twenty, to follow the steps of Kabinart's proprietary glazing process.

GLAZED FINISHES

- 1 Hardwoods used in the manufacture of Kabinart's doors, drawer fronts, and face frames are selected from the finest oak, maple, and cherry available.
- 2 Parts are sanded with a four-step process to provide a consistently smooth surface absent of any cross grain sanding.
- 3 Each part is thoroughly cleaned of all dust particles and inspected prior to the start of the finish application.
- 4 The first coat of custom-formulated stain is applied to tone and balance color and grain.
- 5 A second custom-formulated stain coat is immediately applied to deepen color and ensure complete coverage.
- 6 Following the second stain coat, parts are hand rubbed to bring out the beauty of the hardwood.
- 7 Parts are air-dried and inspected for correct color.
- 8 A first coat of durable catalyzed sealer is applied to all surfaces.
- 9 Parts are oven-cured to activate catalyst, providing a durable baked-on finish.
- 10 Surfaces are hand-sanded with extra-fine sandpaper, wiped clean of dust particles, and inspected for quality.
- 11 The first catalyzed topcoat is applied to all surfaces.
- 12 Parts are again oven-cured to activate the hardening properties of the catalyzed finish.
- 13 An even coat of glaze is hand applied to the entire surface of the part.
- 14 Using a special proprietary process unique to Kabinart, the glaze is partially removed, leaving behind a thin transparent glaze coat over the door, slightly tinting the entire surface. Heavier glazing remains in all ornamental turnings and grooves to give the part the desired specialty glazed finish.
- 15 The glazed parts are allowed to air-dry for a minimum of twelve hours.
- 16 The parts are again cleaned to remove any microscopic dust particles and a final catalyzed sealer is applied to all surfaces.
- 17 A third trip through the oven again activates the necessary chemical change in the catalyzed material.
- 18 Parts are again sanded, wiped, and inspected prior to receiving the final topcoat.
- 19 The final catalyzed topcoat is applied to all surfaces and receives its final trip through the ovens to complete the strong, hardened, premium catalyzed finish.
- 20 Parts receive their final inspection and are hand-polished prior to completion of cabinet assembly.

Glazed Finishes

quality features

All Wood Box Construction

When we say "all wood box construction" we mean everything. From face frames, cabinet sides and backs, to toe kicks and hanging rails, you won't find any particle board in our cabinets.

Premium Quality Hardware

We feature the hidden beauty of European concealed hinges on all door styles. These 6-way adjustable hinges carry a lifetime warranty – extra value at no extra cost.

Dovetail Drawers

Our premium drawer boxes are full depth, assembled with solid wood sides using quality dovetailed joints at each corner, a mark of fine crafted furniture for hundreds of years.

Self-closing, epoxy-coated, undermount drawer glides, rated at 100 lbs., provide smooth, silent operation and have a lifetime replacement warranty.

Adjustable Shelves

Shelves are 3/4" thick plywood for improved strength and are adjustable in both base and wall cabinets, providing maximum use of available storage.

10-Year Warranty

Ask your dealer for details.

specifications

- 1** Face Frames
1-3/4" x 3/4" kiln-dried white oak, maple and cherry wood.
- 2** Cabinet Sides
3/8" laminated plywood.
- 3** Cabinet Tops & Bottoms
3/8" laminated plywood.
- 4** Hanging Rail
Walls – 4" x 3/8" plywood concealed hanging rail.
Bases – 2-1/2" x 11/16" solid wood hanging rail.
- 5** Cabinet Backs
5/32" plywood dadoed into end panel.
- 6** Shelves
3/4" laminated plywood shelf, adjustable in both walls and bases.
- 7** Drawer Box
SIGNATURE SERIES – 5/8" solid wood, furniture dovetailed drawer with plywood bottom dadoed into sides. Double-captive undermount epoxy-coated drawer guide rated at 100 lbs. Soft close Blumotion™ drawer guide available as an upgrade.

CLASSIC SERIES – 1/2" plywood, four sided with plywood bottom dadoed into sides. Double-captive undermount epoxy-coated drawer guide rated at 100 lbs.

FINISHED ENDS AND MODIFICATIONS

WOOD CHARACTERISTICS

It is the nature of real hardwood to have a variety of colors and grain textures. Because these variations are the real natural beauty of hardwood, unusual or wild grain patterns or variations in wood color will not constitute a reason for replacement. No special emphasis will be made to select doors/drawers that match one another.

UPCHARGES FOR ALLOWED CABINET MODIFICATIONS

TERMS AND CONDITIONS

PRICES

Prices are subject to change without notice.

TERMS

Terms are 2% 10 days, net 30 days.

SPECIFICATIONS

Specifications in material, construction and cabinet design are subject to change without notice as conditions require, or as improvements are developed.

TRANSPORTATION CLAIMS - LTL SHIPMENTS

Common carrier or contract carrier shipments are shipped at consignor's risk. Kabinart's responsibility ceases upon delivery of goods in satisfactory condition to transport companies.

If you receive a shipment and a cabinet has physical damage, please refuse it. It will be returned to us and we will file a claim and process a replacement order for the piece(s) you return.

Please inspect all cabinets within 15 days for concealed damages. The freight companies will not accept concealed freight claims after 15 days. If you find concealed damage, please contact our shipping department. They will assist you in filing a claim.

RETURNS

Returns will not be accepted without written authorization from Kabinart.

ORDER PROCEDURES

All orders must be faxed or mailed. Kabinart will not be responsible for the accuracy of phone orders. An order acknowledgement is sent to all our customers upon processing of an order. Please review for accuracy.

Kabinart

10 YEAR LIMITED WARRANTY

Kabinart warrants the original consumer purchaser that cabinet products will be free from defects in material and workmanship under normal use for a period of ten (10) years from the date of purchase. This warranty is only applicable to products used in residential applications within the United States and is not transferable to subsequent owners.

Should defects in material or workmanship exist during the applicable warranty period Kabinart will elect at its discretion to either repair or replace the defective material or component, free if charge. This warranty covers only part and materials of the products supplied by Kabinart. Not covered under this warranty are counter tops, appliances, plumbing fixtures, etc. or the costs, including labor, to remove and re-install materials and related components such as fittings, appliances, etc.

This warranty shall become void if the cabinets are in any way modified, improperly installed or damaged prior to or during the installation. Furthermore, this warranty will not apply to cabinets damaged by misuse, neglect, abuse, acts of God, exposure to extreme temperatures or the effects of normal wear and tear.

Natural woods may vary in color, characteristics and exhibit subtle changes as they age. For example, white painted frames may eventually have visible cracking around the joint area and cabinet colors may darken or lighten over time. Sunlight, smoke, household cleaners and other environmental conditions may also affect the color match over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not covered under this warranty.

Kabinart reserves the right to alter design, specification and material without obligation to make similar changes to products previously manufactured.

The repair(s) or replacement(s) are contingent upon the current product offerings of styles and construction options at the time of the warranty claim. If a warranty claim is filed after a product becomes obsolete, Kabinart reserves the right to honor the warranty in one of the following fashions:

1. To replace the affected component with a new component of the same style.
2. To replace the affected component and any other component(s) in the residential application to achieve a uniform appearance with a similar and comparable product style of the originally purchased style.

If components are replaced, Kabinart cannot guarantee that the finish of these replacements will exactly match the finish and appearance of the components in the residential application. This is due to the changes that occur during the woods' natural aging process, affecting its color and grain.

THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF KABINART AND IS IN LIEU OF AND KABINART DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

This warranty gives you specific legal rights and you may have other rights, which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusions may not apply to you.

To obtain replacement(s) under this limited warranty, first contact your authorized Kabinart dealer or distributor, who will arrange for inspection of the cabinet. A dated sales receipt as proof of purchase is required to obtain benefits from this warranty.
