Beautiful maple hardwood and quality American craftsmanship combine to add distinction and elegance to your kitchen and bath.

Madison base and wall cabinets are constructed of 3/4" select maple frames with traditional square raised panels of maple veneer. Springfield Maple wall cabinets feature doors with solid maple frames and soft arch raised panels.

Solid maple drawer fronts are attached with screws to the 1/2" thick, five-piece plywood drawer. Self-closing, epoxy-coated, undermount drawer glides, rated at 100 lbs., provide smooth, silent operation and have a lifetime replacement warranty.

End panels are plywood and can be finished with select maple veneers. Tops, bottoms and backs are plywood finished natural in color.

Kabinart's multistep finish process uses penetrating stains, hand sanded sealer, and protective catalyzed top coat to produce a premium finished surface, hard and long-lasting.

Madison Maple and Springfield Maple from Kabinart's Classic Series - an unparalleled combination of features and quality providing years of dependable use and beauty for your home.
